

Dear Student,

Thank you for your interest in the Logan Telephone Cooperative Educational Scholarship Program. This is the 20th year that Logan Telephone has offered scholarships to high school seniors, and we're excited about the opportunity to assist our future leaders in receiving their higher education.

We are awarding **three** \$2,000 scholarships to deserving students in our telephone service area. You are in a unique and special position to qualify for the scholarships because of your family's membership in the Cooperative. Please note that to qualify for one of the scholarships, your parents/guardians must have a membership in good standing with the Cooperative. Therefore, you must have telephone service and not just Internet service through LTC. The scholarships are limited to the students whose parents/guardians paid a membership fee to the Cooperative.

*Enclosed in this packet you will find the following items:*

- a) scholarship application form
- b) list of questions and answers
- c) application packet checklist
- d) a folder in which to return all of the required materials

Please review all information carefully and be sure to go over the checklist to ensure that you have included all the required materials. Any information you provide will be kept strictly confidential.

If you have any questions about the required materials, please ask your guidance counselor or call the Logan Telephone business office at 270-542-4121 or 270-934-4121, whichever number is local for you.

Again, thank you for your interest and participation and good luck in obtaining a scholarship!

Sincerely,

Logan Telephone Cooperative
